

ARTSYS Overview

This is The Articulation System for Maryland's Colleges and Universities – better known as ARTSYS.

ARTSYS provides information about the transferability of courses from Maryland's community colleges to many of the four-year institutions of higher education within the state.

This tutorial is quick introduction to the ARTSYS system and highlights some of the different components of this website.

Accessing the Five Main Functions of ARTSYS

The ARTSYS system performs five main functions for its users: Course Equivalencies, Recommended Transfer Programs, Keyword Search, Transfer Evaluations and Keyword Search. Access to these functions can be found through the red links located towards the middle of the page. Statements defining each function can be found adjacent to each link. However, if you desire more detailed information on each function in ARTSYS, please feel free to view the video tutorials available through the "Tutorial" link in the upper right hand corner.

The screenshot shows the ARTSYS website interface. At the top is a red navigation bar with the ARTSYS logo and the tagline "The Articulation System for Maryland Colleges and Universities". Navigation links include Home, Transfer Tools, Tutorial, Info, Contact, and Help. Below the navigation bar is a large image of two students in a lab. A red banner below the image states: "ARTSYS is intended to aid the transfer of students from Maryland community colleges to the University System of Maryland institutions and other participating institutions." Below this banner are five function cards, each with a red arrow pointing to it from the left and a red arrow pointing away from it to the right:

- Course Equivalencies**: Display the transferability of a course from a community college to a four year institution.
- Recommended Transfer Programs**: Students can look up the first two years of prescribed coursework for a particular major.
- Keyword Search**: Students can search for courses by Course ID, General Education classification, or title.
- Transfer Evaluations**: By entering course information from a transcript, a student can have the transcript evaluated on a course to course basis or have it compared to a recommended transfer program.
- Search for Majors**: Students can discover which of the participating four year institutions offer certain majors.

There is also a card for **Participating Institutions** with the description: "View a listing of the institutions participating in ARTSYS."

Participating Institutions

The “Participating Institutions” link provides a comprehensive list of all two and four year member institutions in the ARTSYS system. Each listing also serves as a link to the website for each school.

ARTSYS is intended to aid the transfer of students from Maryland community colleges to the University System of Maryland institutions and other participating institutions.

- Course Equivalencies**
Display the transferability of a course from a community college to a four year institution.
- Transfer Evaluations**
By entering course information from a transcript, a student can have the transcript evaluated on a course to course basis or have it compared to a recommended transfer program.
- Recommended Transfer Programs**
Students can look up the first two years of prescribed coursework for a particular major.
- Search for Majors**
Students can discover which of the participating four year institutions offer certain majors.
- Keyword Search**
Students can search for courses by Course ID, General Education classification, or title.
- Participating Institutions**
View a listing of the institutions participating in ARTSYS.

Participating Institutions

Sending Institutions

- + Allegany College of Maryland
- + Anne Arundel Community College
- + Baltimore City Community College
- + Community College of Baltimore County
- + Carroll Community College
- + Cecil College
- + Chesapeake College
- + College of Southern Maryland
- + Frederick Community College
- + Garrett College
- + Hagerstown Community College
- + Harford Community College
- + Howard Community College
- + Montgomery College
- + Prince George's Community College
- + Wor Wic Community College

Receiving Institutions

- + Bowie State University
- + Capitol College
- + Coppin State University
- + Frostburg State University
- + Goucher College
- + Hood College
- + McDaniel College
- + Mount St. Mary's University and Seminary
- + Morgan State University
- + Notre Dame of Maryland University
- + Salisbury University
- + St. Mary's College of Maryland
- + Stevenson University
- + Towson University
- + University of Baltimore
- + University of Maryland, Baltimore
- + University of Maryland, Baltimore County
- + University of Maryland, College Park
- + University of Maryland, Eastern Shore
- + University of Maryland, University College
- + Washington College

Top Navigation

Located in the upper right hand corner of the page, are links that provide helpful information to ARTSYS users. These links are not only accessible through the homepage, but throughout each page on the site.

- “Home” takes you back to the ARTSYS homepage.
- “Transfer Tools” provides a drop down with links to the main articulation functions of ARTSYS.
- “Tutorial” links to the video and text version tutorials that individually detail each of ARTSYS’s five main functions.
- “Info” provides a drop down with links to additional information such as FAQs, participating institutions, and transfer information for students, faculty, and staff.
- “Contact” provides an interface that can be used to email questions, concerns and suggestions.
- “Help” displays an informational text box that will give you more information about the content and function of the particular page that is currently being displayed.

Bottom Home Page Navigation

At the bottom left of the page are links to the other websites that provide information about higher education in Maryland. Not only do these links serve as another “gateway” to access information about the participating institutions in ARTSYS, but also connect to websites for other Maryland institutions.
